JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

8. Special attention should be given to discharges from the nose and mouth. These should be caught upon material that can be burned or in vessels containing a disinfecting solution. Urine and feces should be sterilized before being placed in closets.

9. Domestic animals should be rigidly excluded from the sick room and from all infected premises.

10. Before release from quarantine the patient's and attendant's clothing and premises must be disinfected in accordance with standard methods.

11. In the presence of an epidemic it is advisable to forbid the congregating or assembling, in any manner, of children under 15 years of age.

12. Where the disease is prevalent, it is a safe precaution, when possible, to keep children strictly confined to their own premises, and in every case to avoid entrance of contacts.

GEORGIA.

State Board of Health—Membership of. (Act 493, Aug. 16, 1912.)

SECTION 1. That from and after the passage of this act section 1656 of the Code of 1910 of Georgia be amended by striking the word "twelve" in the third line thereof and inserting in lieu thereof the word "thirteen," and by striking the word "eleven" in the fifth line thereof and inserting in lieu thereof the word "twelve," so that said section when amended shall read as follows:

"SEC. 1656. *State board of health created.*—A board to be known as the State board of health is established and made one of the public institutions of the State. Said board shall consist of 13 members, one of whom, the secretary, shall be a member, by virtue of his office, and 12 shall be appointed by the governor, one from each congressional district, and a majority of whom shall be physicians."

SEC. 2. That all laws and parts of laws in conflict herewith are hereby repealed.

LOUISIANA.

School Buildings—Floors to be Treated with Antiseptic Dressing. (Reg. 122e, Bd. of H., Jan. 18, 1912.)

The floors of every school must be treated with some antiseptic floor dressing. Applications to be made at sufficient intervals to keep down effectually the dust; floors to be scrubbed thoroughly before application. Manufacturers and dealers in submitting floor dressings for use in schools must give to the State board of health satisfactory evidence from reputable bacteriologists, together with a guaranty, that the materials are efficient.

Meat—Inflation or Blowing Prohibited. (Reg. Bd. of H., Apr. 24, 1912.)

That hereafter the sale or offering for sale of meat or flesh of animals which has undergone the process commonly known as "inflation" or "blowing" is prohibited.

That the foregoing regulation regarding the sale or offering for sale of meat which has been "blown" or "inflated" shall be effective on and after June 1, 1912.

Dogs—Muzzling of. (Reg. Bd. of H., Apr. 24, 1912.)

(a) Hereafter it shall be unlawful for the owner of any dog to allow such animal at large upon any street, road, highway, or in any public place unless such animal be muzzled.

(b) That a compliance with this regulation is declared to be the securely fastening to the head and jaws of such animal of a metal or leather device which will effectually prevent the said animal from bringing the mouth into contact with any object whatsoever and which, at the same time, will not prevent such animal from opening its mouth.
